1 Accessing the System

1.1 Log In

To start accessing the eSTS system, open up Google Chrome browser and type in the URL:
<https://ests.lpj.gov.my/>

Please use Google Chrome as a browser.

This will bring up eSTS system main page as shown as below:

Welcome to eSTS

eSTS is an initiative action by Johor Port Authority (JPA) to develop a comprehensive end-to-end online system for Ship To Ship license and operation. This new system allows applicants/ STS operator / STS agent to complete their application under one roof system with other government agencies collaboration. E STS involve a process of application, monitoring, and managing data and analysis continuously from end-to-end procedure (licensing and operation).

The innovation and introduction of the E STS will be the turning point of the abolition of the existing ship to ship license through Marine Management System (MMS)
